

Eid-Al-Fitr the earlier Eid celebrated at the end of Ramadan is an important holiday celebrated by Muslims worldwide.

This year this festival is being celebrated by our Muslim families on 4th June, 2019. As always at Bedford South School we strive to recognise important holidays celebrated by our community and develop a better understanding of the rich cultures represented at our school.

Muslim families annually organize a community dinner at the school to celebrate this festival.

As such we are planning to have a community dinner at the school on:

**17th June, 2019 at 6pm.**

We would like to welcome you to attend this important community event. For the families and volunteers helping with the food and other preparations, please start planning to make this event memorable as always. All families are requested to bring a food item of their choice. Since we will have two service areas I would request you to bring two separate platters for the item you are bringing. All food should be brought in by 5.30pm.
